

Release Notes: Atlas Chiropractic System Update

ver. 4.45

How do I know which version I am running?:

Check the title bar in your Atlas Software. The title bar displays the Atlas Chiropractic Software name, the Current Logged In Atlas User, the Current Logged in Windows (Computer) User and the current Program (P) and Database (D) version number.

What's New? Quick View:

Atlas

- New MPI form to meet new submission requirements
- Diagnosis code can be grouped by category to aid in locating codes
- Expanded OpenEdge ACH Account numbers to allow for up to 12 digit account numbers
- Added search by ID in new Patient Find form
- Expanded Clinic Name field
- Added 'All Appointment Types' option to Patients with Appointment Type report
- Condensed Appointment Status report to prevent wasted paper

What's Fixed? Quick View:

Atlas

- Allow scrolling by arrow keys in Appointment ledger
- Corrected sort order of the insurance billing report back to alphabetical
- Paused refreshing while adding attachments to email templates
- Pitstop window refreshes after postponing pitstop
- Safeguards added for modifying payment types when Powerpay is in use
- Unlocked view button in Services/inventory lists
- Corrected error copying Flex Buttons
- Added check for Subjective Questions on VTC Sign-in when using PI readers
- PI reader support added to new find patient window
- Insurance Company address 2 line submitted with 5010 file
- Patient Queue updated when arrived appointment type is changed
- Arrived appointments can no longer be deleted, rescheduled, moved, or canceled
- Allow pay type changes to non-Powerpay post dated payments
- Arriving multiple appointments when calling feature is not in use will not hold appointments
- Hide previously applied pending SOAP notes from the Pending SOAP screen
- Scrolling no longer stops while the schedule has focus
- Misc. field formats no longer cause random characters to appear at the end of the field
- Update room grid when new provider logs in at VTC
- Prevent loss of focus while mapping appointments from the appointment screen
- Hold current position in transaction ledger when modifying a transaction
- Prevent transaction ledger flashing after modifying a transaction

Atlas Flex

- Added a check to ensure AtlasWeb grabs the IP address instead of the MAC address
- Anchored cursor position in SOAP note to prevent jumping to top or bottom of note
- Added check for pending SOAP notes
- Ignore duplicate patient profile images on patient Queue

Customer Support:

Atlas Support personnel are trained specifically on the Atlas Chiropractic Software. On occasion, they are able to assist with general computer support (networking, antivirus, and configuration). Atlas recommends that issues outside of the scope of Atlas Support be directed to the appropriate Support professional. A qualified, onsite IT technician can provide you with the most accurate information to resolve your Technical Issues. Atlas Support may be able to assist your technician in resolving issues regarding your Operating System or System Maintenance, to help facilitate the proper function of Atlas.

Support Contact Information:

Mon-Thur: 8am to 7:30pm EST Fri: 8am to 4:30pm EST

Phone: 1-866-76ATLAS (2-8527)

Fax: 1-226-315-1900

Email: support@atlaschirosys.com
